November 1, 2020

To: CFCHPDC Provider Network:

CareFirst Community Health Plan DC has continuously partnered with you to eliminate barriers to quality healthcare and address your organizational needs. A recent decision regarding claims submission was reached, which may help your practice.

Effective December 1, 2020, CareFirst Community Health Plan DC will no longer require network specialists to submit claims with the referring provider's NPI number. We feel this decision will help our provider community eliminate a step in the claim's submission process.

Information about this new requirement will be in the next edition of our quarterly Provider newsletter as well.

If you have any questions, please feel free to contact Provider Relations at (202) 821-1145 or your Provider Representative.

Your Cooperation and Dedication to providing Quality Care to your Patients, our Enrollees is greatly appreciated, and your continued partnership is valued!

Best in Health!

CareFirst Community Health Plan District of Columbia Provider Relations Team

This program is funded in part by the Government of the District of Columbia Department of Health Care Finance.
